# Science on the Grand

July 10-11, 2023  
Grand Rapids, MI

## A STEAM Conference for Inquiry-based Educators

### You will grow. You will learn. You will be inspired!

We know teachers have the most important job in the world; that's why we support the whole teacher! Science on the Grand was designed by experts and current classroom teachers to provide research-based and classroom-tested content that supports **your** classroom expectations, **your** content standards, and **you** as a person. We know this past year was rough, so treat yourself to a conference that will not only prepare you for next year with innovative instructional tips and strategies, but will treat you like royalty and show you some fun along the way.

### You deserve it!

- Establish a classroom culture to support STEAM instruction
- Explore lessons by grade level with STEAM integration
- Network with like-minded educators in your grade and interest area
- Nurture your own curiosity and personal growth
- Celebrate the amazing work you do!

**\$100 per person  
until May 15th\***  
**Plus, Administrators  
can attend for free!**

With a paid staff registration.

### Registration includes:

- Two days of action planning, inspiration, exploration, and practical takeaways
- Opportunities to network with like-minded teachers
- Breakfast, lunch, snacks, and VIP treatment — YOU deserve it!
