Compliance Plan:

Federal Regulations (48 CFR 52.222-50) Combating Trafficking in Persons (OCT 2020), requires that Van Andel Institute (VAI) have a Compliance Plan when certain contracting conditions enumerated under 52.222-50(h)(1) apply. A Compliance Plan must be maintained for the duration of the performance of the contract, for any portion of the contract that is:

1. For supplies, other than commercially available off-the-shelf items, acquired outside the United States, or services to be performed outside the United States; and
2. Has an estimated value that exceeds \$550,000.

Background:

The United States ("U.S.") Government has adopted a policy prohibiting trafficking in persons. VAI, its employees, and their agents shall not:

1. Engage in severe forms of trafficking in persons during the period of performance of the contract;
2. Procure commercial sex acts during the period of performance of the contract;
3. Use forced labor in the performance of the contract;
4. Destroy, conceal, confiscate, or otherwise deny access by an employee to the employee's identity or immigration documents, such as passports or drivers' licenses, regardless of issuing authority;
5. Use misleading or fraudulent practices during the recruitment of employees or offering of employment, such as failing to disclose, in a format and language accessible to the worker, basic information or making material misrepresentations during the recruitment of employees regarding the key terms and conditions of employment, including wages and fringe benefits, the location of work, the living conditions, housing and associated costs (if employer or agent provided or arranged), any significant cost to be charged to the employee, and, if applicable,

the hazardous nature of the work;

6. Use recruiters that do not comply with local labor laws of the country in which the recruiting takes place;

7. Charge employees recruitment fees;

8. Fail to provide return transportation or pay for the cost of return transportation upon the end of employment –

a. For an employee who is not a national of the country in which the work is taking place and who was brought into that country for the purpose of working on a U.S. Government contract or subcontract (for portions of contracts performed outside the U.S.); or

b. For an employee who is not a U.S. national and who was brought into the U.S. for the purpose of working on a U.S. Government contract or subcontract, if the payment of such costs is required under existing temporary worker programs or pursuant to a written agreement with the employee (for portions of contracts performed inside the United States).

Exceptions to 8.b.:

- The requirements of paragraph 8.b shall not apply to an employee who is legally permitted to remain in the country of employment and who chooses to do so; or is exempted by an authorized official of the contracting agency from the requirement to provide return transportation or pay for the cost of return transportation. Requests for such authorizations from the contracting agency shall be coordinated by the VAI Office of Sponsored Research.

- The requirements of paragraph 8.b are modified for a victim of trafficking in persons who is seeking victim services or legal redress in the country of employment, or for a witness in an enforcement action related to trafficking in persons. VAI shall provide the return transportation or pay the cost of return transportation in a way that does not obstruct the victim services, legal redress, or witness activity. This paragraph does not apply when the preceding exception applies.

9. Provide or arrange housing that fails to meet the host country housing and safety standards; or

10. If required by law or contract, fail to provide an employment contract, recruitment agreement, or other required work document in writing. Such written work document shall be in a language the employee understands. If the employee must relocate to perform the work, the work document shall be provided to the employee at least five days prior to the employee relocating. The employee's work document shall include, but is not limited to, details about work description, wages, prohibition on charging recruitment fees, work location(s), living accommodations and associated costs, time off, roundtrip transportation arrangements, grievance process, and the content of applicable laws and regulations that prohibit trafficking

in persons.
