# HORIZONS IN METABOLISM

## SPONSOR LEVELS

### SYMPOSIUM SPONSOR • \$3,000

- 6 tickets to attend the symposium
- Name badge sponsor
- Sponsor of keynote session
- Opportunity to display company information on 8' table
- Logo printed on the agenda
- Logo displayed on the event website, program and electronic signage

### SCIENTIFIC SPONSOR • \$1,500

- 3 tickets to attend the symposium
- Opportunity to display company information on 8' table
- Logo printed on the agenda
- Company logo displayed on the event website, program and electronic signage

### DISCOVERY SPONSOR • \$500

- 2 tickets to attend the symposium
- Logo printed on the agenda
- Company logo displayed on the event website, program and electronic signage

Contact Courtney Zirkle at [courtney.zirkle@vai.org](mailto:courtney.zirkle@vai.org) or visit [vai.org](http://vai.org) to sign up for a sponsorship.

## ABOUT THE EVENT

Cells have unique metabolic signatures that reflect healthy and diseased states. Accurate analysis of these signatures in living tissues is technically challenging and requires targeted approaches that don't disrupt metabolism. Overcoming this barrier could revolutionize basic discovery research, as well as diagnostics and treatments for cancer, neurodegenerative disorders and many other diseases.

Hosted by Van Andel Institute, *Horizons in Metabolism: Cell-Specific Metabolism* will feature talks at the leading edge of mechanistic single cell metabolism research with an eye toward technology development and clinical implications. The symposium will focus on big questions, explore the latest research and provide ample opportunities for networking.
