30 VAN ANDEL INSTITUTE®

EMPOWER TEACHERS. INSPIRE A GENERATION.

At VAI Education, we believe every classroom holds boundless potential — and teachers are the spark. Yet, too many educators lack access to high-quality, time-saving resources that help students think critically, create boldly and explore deeply.

That's why we launched **VAI Educator's Studio** — a membership hub connecting teachers nationwide with innovative, classroom-tested lessons and project-based learning units designed to make a real impact on learning.

This year, we aim to raise **\$200,000** to keep our membership program vibrant and affordable, ensuring teachers everywhere can access fresh, high-quality content. Your contribution helps sustain all of VAI's powerful student and teacher programs while keeping our membership site relevant, innovative and within reach for educators nationwide.
